

SGD People's Choice Award 2015 Winner - Cityscapes Greenwood
Theatre Pocket Park

[View this email in your browser](#)

Dear Dan,

A VERY BIG THANK YOU to everyone who voted for **Greenwood Theatre** in the **Society of Garden Designers People's Choice Award 2015**. Your efforts were duly rewarded and the project won the award, announced at a ceremony last Friday night!

It is certainly a great recognition for the public space designed by Joe Swift and Zandra Rhodes.

Joe Swift with Adolfo Harrison & Darryl Moore (Cityscapes),
Dan Flynn & Jason de Souza (Gardenlink) and Shane Clarke (Team London Bridge)

We realised the project in a productive partnership with Team London Bridge, King's College London, Network Rail, Southwark Council, and contractors Gardenlink.

The garden looked impressive throughout its first year and has been extremely well used by locals and visitors. We look forward to it growing in the future, with careful maintenance from St Mungo's Broadway Putting Down Roots team, and hope that you have the opportunity to enjoy it.

We were also very pleased that our [Remix Garden](#) project from 2013 was recognised as a Finalist at the SGD Awards in the Designing for Public Spaces category.

Thanks again

Cityscapes
